Environmental Policy

Leader Steel Sdn Bhd will strive for continuous improvement in our environmental management systems according to the Environmental Quality Act 1974 (Act 127). Through competent and qualified environmental officers, we have recognised that an integration training program is the key to successful environmental management.

The Safety and Health department is responsible for measuring our performance continuously and revising environmental assessments to achieve good environmental management. Environmental Quality (Schedule Waste) Regulation 2005 is compulsory to comply.

The objectives we target to achieve are through:

- ✓ Continuously employee training.
- ✓ Culturing systematic schedules waste disposal.
- ✓ Identifying schedule waste and pollution harmfulness.
- ✓ Preparing the proper schedule waste storage.

Therefore, I urge all employees to give your full cooperation by managing all schedule waste properly and systematically enhancing a better workplace environment.

Dasar Alam Sekitar

Leader Steel Sdn Bhd akan berusaha secara berterusan memperkukuhkan sistem pengurusan alam sekitar berdasarkan kehendak Akta Kualiti Alam Sekitar 1974 (Akta 127). Menerusi lantikan pegawai alam sekitar yang terlatih dan berkelayakan, kami telah mengenalpasti program intergrasi dan latihan alam sekitar adalah kunci kejayaan pengurusan alam sekitar yang mampan.

Bahagian Keselamatan dan Kesihatan bertanggungjawab untuk menilai perkembangan secara berterusan dan mengkaji semula prestasi dalam usaha menjaga alam. Khasnya peraturan Kualiti Alam Sekitar (Buangan Terjadual) Peraturan 2005 perlu dipatuhi.

Tujuan tersebut dicapai melalui :

- ✓ Latihan berterusan kepada pekerja.
- ✓ Membudayakan sistem pengurusan buangan terjadual yang sistematik.
- ✓ Mengenalpasti barang buangan terjadual dan tahap bahaya pencemaran.
- ✓ Menyediakan kawasan buangan terjadual di dalam kilang.

Oleh yang demikian, saya menyeru semua pekerja memberikan kerjasama bagi memastikan persekitaran Leader Steel Holdings Bhd mempunyai alam sekitar yang terurus dan baik.
